MEDICAID PROVIDER MANUAL UPDATE

TO: All providers of Hospice Services participating in the Virginia Medical Assistance Program, Managed Care Organizations providing services to Virginia Medicaid Recipients, and all holders of the *Hospice* Medicaid Provider Manual

FROM: Patrick W. Finnerty, Director
Department of Medical Assistance Services

SUBJECT: Update to Second Edition of the *Hospice* Provider Manual

UPDATE: HSPC-02-03
DATE: 12/5/2003

The purpose of this memorandum is to notify you of changes to Chapter V your provider manual. The attached table shows the changes to the manual. Please download the new pages to insert in your manual and retain the attached table.

This update includes significant changes to the billing process for Hospice services reimbursable by Medicaid effective January 1, 2004. The change will require use of the CMS-1450 (UB-92) in place of the CMS-1500 when billing Hospice services. After January 1, 2004, claims submitted on the CMS-1500 will not be processed.

Amendments to Chapter V include: (i) the addition of the UB-92 CMS-1450 and Medicare Crossover Claim billing instructions; (ii) the deletion of the CMS-1500, DMAS-30 and DMAS-31 forms and instructions from the body of Chapter V and the "Exhibits" section; and (iii) changes relating to the new Medicaid Management Information System (MMIS).

Providers may begin use of the national billing codes for dates of service on or after June 20, 2003. Effective January 1, 2004, national billing codes must be used on all invoices. Claims submitted with local codes with dates of service on or after January 1, 2004, will be denied. A local/national billing code crosswalk is available on the DMAS website.

Please review these changes carefully.
